

VAN HULZEN ASSET MANAGEMENT

For Investment Professional Use Only

June 30, 2020

Small Cap Strategy

Van Hulzen's Small Cap Strategy seeks an attractive long term investment return through our Growth At A Reasonable "Profile" approach. We invest in stable, established small cap companies that are expanding rapidly, beating their cost of capital, and consistently beating analyst expectations for growth.

Overview

The strategy invests in strong and emerging companies (typically between \$500mm-\$3bn) that exhibit the following characteristics:

- Relevant/emerging technologies
- Strong & improving cash flow ROI
- Positive earnings revisions /surprises
- Strong growth profile
- Low debt
- Reasonable valuation

Key Features

- 30 holdings
- Median mkt cap: \$2.6 billion
- Average sales growth (5yr): 9.0%
- Offered in Separate Accounts

Minimum Investment

\$100,000

Past performance may not be indicative of future results. The Strategy involves risk including the possible loss of principal. There is no assurance that the Strategy will achieve its investment objectives. The results achieved by individual clients will vary and will depend on a number of factors including the particular underlying stock and its dividend yield, interest rate levels, and the client's expressed return and risk parameters at the time the service is initiated and during the term. This presentation is not intended for the giving of investment advice to any single investor or group of investors and no investor should rely upon or make any investment decisions based solely upon its contents.
