Small Cap Strategy

Van Hulzen's Small Cap Strategy seeks an attractive long term investment return through our Growth At A Reasonable "Profile" approach. We invest in stable, established small cap companies that are expanding rapidly, beating their cost of capital, and consistently beating analyst expectations for growth.

Overview

The strategy invests in strong, emerging leaders (market cap typically \$1bn-\$5bn) that exhibit the following characteristics:

- Relevant/emerging technologies
- Strong & improving cash flow ROI
- Positive earnings revisions/surprises
- Strong growth profile
- Low debt, little/no default risk
- Reasonable valuation
